Subject: Cover Letter for Switzerland Tourist Visa Application (11 September 2026 to 15 September 2026)

Dear Visa Officer,

I, Mr. Amit Kumar (Indian Passport No. AL877720), respectfully submit my application for a short-stay Schengen tourist visa to visit Switzerland from 11 September 2026 to 15 September 2026 for tourism. Switzerland has always been my dream destination, and this visit is very special for me as it may be my only opportunity to travel there and fulfill this long-cherished personal dream. I am self-employed, running my grocery business M/s Amit Kiryana Store, and I am also engaged in farming. I have enclosed my business registration proof, ITR, and bank statements as evidence of my professional and financial background.

My uncle, Mr. Ramesh Chand Kaushik (Passport No. P3795864), will sponsor my Switzerland trip up to CHF 3,300 (approximately INR 4,00,000) to cover accommodation, food, local travel, and sightseeing expenses. The international flight tickets will be arranged and paid by me personally. The reason for sponsorship is our close family bond: my uncle served in the Indian Army for many years, and during his service tenure I took care of his family while he was away. After his retirement in May, he promised to sponsor this Switzerland trip for me. His ITR and bank statements are attached to demonstrate his financial stability.

I have strong family, social, and economic ties to India and fully intend to return after my short visit. I am 34 years old and have responsibilities toward my elderly mother, my wife, and my two children. I also need to continue managing my grocery business and farming activities in India. I have attached supporting proof including family Aadhaar cards and my children's school documents (ID cards and fee receipts). I kindly request you to consider my application favorably and grant me a short-stay tourist visa. I remain hopeful for a positive outcome.
